

URGENT! WE NEED YOUR VOICE FOR OPEN SPACE!

THE COUNTY'S 20 YEAR MASTER PUBLIC SPACES PLAN WILL
WASTE MILLIONS OF DOLLARS AND NEGATIVELY AFFECT PARKS FOR DECADES

Internal County Reports Show:

1. There are **more fields than needed** for at least 20 years.
2. **Mismanagement** of field inventory **creates a false perception** of insufficient fields & wrongly eliminates community & open spaces
3. The **Parks Dept. is keeping all this data from the public.**

Demand an **Independent Review of Park Facilities NOW Before the County Board approves the Parks Master Plan** without this critical data impacting all parks for 20+ years. Arlington must make the best use of its limited land & monies **for everyone's needs!**
